A CLEAN KNOCK-OUT

distinistered Gas Ruhlin by Satter Shar-key Last Night—The Fight Lasted Little Over Two Minutes.

NEW YORK, June 29 .- Tom Sharkey the sailer pugilist of California, knock ed out Gus Ruhlin, the Ohlo giant, In less than one round to-night, before the Greater New York Athletic Club at Coney Island. Ruhlin's defent was seventeen seconds, and as soon as the had declared Sharkey the winthe sallor ran neross the rink and shook hands with Rublin, who ash been carried to his corner. Rublin was still in a groggy condition when Sharkey able to reply to his conqueror's remarks which were uttered in an apologetic tone. Sharkey then rushed to the ringside, and leaning on the props,

ringside, and leaning on the props, shouted: "I am now ready to meet Fitzsimmons, Corbeit, McCoy or any other man for the heavyyeight championship of the world."

As roon as he had delivered this brief speech, Sharkey's second took hold of him and pulled off his gloves. Meanwhile, the crowd kept syrging towards the ring and Sharkey was cheered as he

hance on earth against his anard right swing, which reached Ruh as if felled with an axe, and lay set up, but could not, while the market went searing as tigh as a rock-et. The spectators left the building quite satisfied with the contest, which devoid of any bruiality or foul

Sharkey was the favorite and the Ruhlin was not without friends, however, and the Akron man's chances for success, were so well thought of that many hundred of dollars were staked on his ability to take care of himself.

### TO-NIGHT'S BATTLE

To-night at the Metropolitan's arena in Fulton, Jack McClelland, the pride of Pittsburgh, and Oscar Gardner, the for twenty rounds or more, and the event is certain to draw one of the biggest crowds that ever thronged the ringside. A big delegation of Pittsburghers will be on hand, as well as contingents from Mannington and other nearby towns. A clever, clean and interesting contest is assured.

od preliminaries will precede the main bout. Mark Kerwin, of Pitts-burgh, and Eddie Gardner will go six rounds for a decision and their bout six rounds for a decision and their bout will not be the least interesting on the programme. Those old rivals for bantam honors, John Baker and "Buzzy" Auber, will again be eager contestants for the honors of a decision, and try to decide their draw a few weeks before. The preliminaries begin on the arrival of the 8 o'clock motor, the main contest an hour later.

is hardly a man in Wheeling if Clelland, as yet undefeated, will lim the best tussle of any of the hat has faced Gardner in a local

it will be taken as the usual order of things it McClelland goes down as Jack OKeefe, Freddy Bogan and Jerry Marshall have done.

McClelland is expected to give the finest exhibition of them all. His record, and his draws with Johnny Lavack, Yock Henniger and Joe Bernstein, show that he can take punishment. He can jub well, too, but he is not a remarkably hard hitter. But the best contest for many a day is confidently anticipated and will doubtless be realized. If Gardner wins he will claim the father-Gardner wins he will claim the feather-weight championship of the world.

"On Guard."

When disease shoots the first arrow the truly wise man will come instantly on guard. He will not wait for the attack. He will not hesitate until the full force of disease and misery and death comes crashing about him.

When a man begins to feel "out of sorts," when his appetite is failing and his energy is not up to the mark, when he has hilious attacks and a feeling of lassitude and incipacity, if he is wise, he will take Dr. Pierce's Golden Medical Discovery right away. It will bring his appetite back again, and what is more it will bring back his digestive powers. It will give all the assimilative functions the edge and power to extract abundant nourishment from the food he eats. It will make good, pure, incaltiy blood and send it coursing rapidly through his veins and arteries into every organ and tissue of the body. It will put flesh on his bones and force in his muscles; it will give him strength and courage and cheerfulness, in a word it will give him complete health.

It excretes from the system every particle of dead, useless, flabby tissue. It even reduces the weight of the corpulent man at the same time that it builds up his strength and working power. The weight it adds to people who need it is the kind that comes of pure blood and every organ doing its work properly and thoroughly,—what puglists call "fighting weight."

### ICE GOES UP.

The Wheeling tee Exchange Decides or an Increase of Prices of the Relail and Pamily Trade-New Rates go Inco

decided on an increase in the prices of ice. Saloons, ice cream parlors, etc., which have paid 121/2 to 15 cents per 100 pounds, will now pay 25 cents; and famlly trade ice, which formerly sold at from 20 to 30 cents, will now pay 40 cents lished in another column of the Intelli-

geneer.

Speaking of the new rates, Secretary C. W. Conner, of the Wheeling Ice & Storage Company, last night stated that the increase was decided on by the ice lealers because under the prevailing rates the ice business had been almost worth nothing for the past three years. Cutting prices by dealers in order to control trade and spite individuals had resulted in ruinous competition, so that

proposed increase, but while there may be some kicking it is not known if re-sistance will be offered this year.

The city board of education met and filled about all the places of teachers. The old corps was re-employed as far as the successful applicants would reach, and some of the other places were given to new applicants who passed creditable examinations. There has been much worry to the board over the matter, and they were all glad when they had findshed their work. As it is there are some disappointments, but in the main the work was well performed, and the schools may be benefitted by reason of the preliminary jostle as to teachers. All the places but one were filled. Robert Anderson was elected superintendent. He has been an instructor in the schools for eleven years, ten of which were in the high school.
